## SUMMARY

Software development student with hands-on experience designing, debugging, and maintaining applications through academic and team-based projects. Strong foundation in backend and systems-oriented development using Python, Java, and C#, with practical experience in web technologies (HTML, CSS, JavaScript). Analytical and detail-oriented, with a focus on writing reliable, maintainable code in collaborative environments.

## SKILLS

Languages: Python, Java, C#, JavaScript, PHP, SQL

Tools and Technologies: Git, Linux, Bash, Visual Studio Code, Visual Studio, JetBrains IDEs

Soft Skills: Problem-solving, communication, teamwork, time management

## EDUCATION

Computer Systems Technology - Software Development

Mohawk College, Hamilton, ON

Expected December 2027

Program GPA: 83.4%

Relevant Coursework: Introduction to Programming (Python), Programming in Java, Programming in .NET, Server-Side Web Programming, Database Theory, Client-Side Web Programming

## ACADEMIC PROJECTS

Ping vs. Pong – Two-Player Web Game | Client-Side Web Programming

Mohawk College March 2025

- Developed an interactive two-player Pong-style web game using JavaScript, HTML, and CSS.
- Implemented player input handling, real-time scoring, and game-state management.
- Designed victory conditions with a first-to-11 win system and resolved logic bugs through iterative debugging and testing.

## WORK EXPERIENCE

Warehouse Associate

Kayo3PL – Ancaster, ON | 2025 – Present

- Collaborated with team members to efficiently pick, pack, and stage orders, improving workflow and task coordination.
- Utilised warehouse scanners and software to accurately track inventory and order fulfilment, ensuring data integrity.
- Organised workplace and prioritised tasks to meet daily shipment deadlines, demonstrating problem-solving under pressure.

Warehouse Associate / Delivery Driver

Elite Welding Consumables – Brantford, ON | 2023 – 2025

- Coordinated deliveries and warehouse logistics to ensure timely and accurate distribution of welding supplies.
- Managed and organised vehicle routes and shipments, optimising efficiency and reducing errors.
- Maintained precise inventory records and adhered to safety protocols, demonstrating attention to detail and process compliance.

## CERTIFICATIONS

- Safe Operation of a Lift Truck, CKX Training On-The-Go – Jan 2024
- Transportation of Dangerous Goods (TDG) Certification, Ontario – Jan 2024
